New Rationing Will Start on March Ist

Ration Book Will Be Issued and Sales of Stocks Frozen on 200 Canned Goods Items

The office of Price Administration announced Tuesday that rationing of canned and frozen fruits and vegetables and dried fruits will start March 1.

Grocery store sale of these commodities will stop at midnight Feb. 20 and will not be resumed until the ration date. This "freeze" was set by officials for the purpose of allowing grocers to stock up, to arrange and mark merchandise, and undertake other preparations for the complicated "point rationing" system. Stores will not be required to close during this period, but stop sales on "frozen" items.

Beginning Feb. 22 and stretching over six days, the entire civilian population of the country will be registered in school houses and elsewhere for this new type of rationing, in a manner similar to the nationwide registration for sugar rationing nearly a year ago.

At this registration, everyone who can show that he has war ration book number one, the coupon sheet for sugar and coffee, will be entitled to receive war ration book number two, which will be used both for canned goods beginning Marhc 1 and will also be used about a month later for meat rationing.

Before getting the new ration book, however, each family will have to declare how many cans the family had on hand on Feb. 21. From this number will be subtracted five cans for every person in the family, and coupons from the new book will be torn out for any cans in excess of five per person. However, this count of cans will exclude home canned good and certain types of non-rationed cans such as canned olives or jellies, and all cans containing less than eight ounces (mostly small cans of baby food.)

Mrs. Thompson Is Executive Hardware Group

MRS. C. L. THOMPSON

Appointed Executive Secretary of the Panhandle Hardware and Implement Association at the 34th Annual Convention, Mrs. C. L. Thompson of Canyon is the second woman in the nation to hold such a responsible position in a hardware association. Mrs. Thompson has been assisting her husband in this office in which he served for 24 years.

Blue Stamps Issuance Will Be Stopped Soon

Blue stamp foods for February and March will be the same as those listed for January.

Foods which will be available for blue food stamps during the two-month period beginning February 1 and ending March 31, are: Corn meal, hominy (corn) grits, fresh apples, fresh grapefruit, fresh pears, dry edible beans, Irish potatoes sweet potatoes, fresh vegetables (including dry onions), wheat flour, enriched wheat flour, enriched self-rising flour, and whole wheat (Graham) flour.

The February-March list is the last blue stamp food list which will be issued. No food stamps will be issued after Feb. 28.

Randall county families participating in the food stamp program will have until March 31 to use their stamps. Retailers accepting food stamps will have until April 30 to redeem the stamps.

Buffs Will Play New Mexico U. at Burton Gym

The Buffaloes will meet the New Mexico University Loboes at Burton Gymnasium Friday and Saturday night at 8 o'clock.

The Buffs arrived home Tuesday night from their trip to the east. While the tall boys were unable to win a game on this trip, largely because of illness, the boys are now all feeling fine and will be in excellent shape to start on the Border Conference teams.

The Buffs have not lost a conference game this season and hope to continue the good record in the games here Friday and Saturday.

Former Canyonite Asks for Addresses of Men in Service

Mrs. E. G. Helms, the former Lottie Lee Loftin, has written The News from her home in Los Angeles, asking for the address of Canyon boys who are now in the armed service in that part of California. Mrs. Helms would like to entertain Canyon boys in her home. Mr. and Mrs. Helms have entertained boys from other states, but want to meet Canyon boys.

The address is 1709 West 66th Street, Los Angeles. Parents or friends of men in service in or near Los Angeles are asked to write to Mrs. Helms.

Mrs. Helms is the daughter of Mr. and Mrs. S. B. Lofton, pioneers of Canyon. The family moved to California about 25 years ago. Mr. Lofton died a few years ago. The son, Charles, was a member of the News staff while living in Canyon.

Edmond Burgess will report for duty with the navy Feb. 15 at Ft. Schuyler, N. Y. He will report with the rank of Ensign. At present he is working in Washington, D. C.

Shop in Canyon regularly.

Non-Essential Men Slated for Armed Service

Selective Service Boards have been advised that men engaged in non-essential work must either change to essential industries by April 1st or be subject to induction in the armed services. Dependents will not be considered. The government is taking care of dependents of men who are inducted into the armed forces.

The Randall County Board is meeting today to make a careful inspection of occupational questionnaires in order to determine men who are engaged in non-essential lines according to the regulations of Selective Service.

Acting under orders that married men without children are now subject to military service, the local board will call up a large number of such men for physical examination at the meeting today.

Sanford Black, Jr., Is Sergeant in Medical Corps

SGT. SANFORD BLACK, JR.

Staff Sergeant Sanford Black, Jr., is now in charge of the General and Medical Supply of the 2nd Medical Battalion, Camp McCoy, Wis. He was transferred last week from the Medical Supply of the 2nd Infantry Division.

Sgt. Black enlisted August, 1940, and trained at San Antonio. After four weeks of recruit drill he was assigned to battalion headquarters. Since then he has been in charge of the Officers' Records section and worked in the Division Surgeon's office. He was promoted to Staff Sergeant on May 2.

He is the son of Mr. and Mrs. Sanford Black of Canyon, and grandson of Mrs. Jessie Reid.

P. H. Allen Is Lieut. in Navy of United States

LIEUT P. H. ALLEN, USNR.

Lieut. Allen, known to Canyon people as Harper Allen, is the younger son of Prof. L. G. Allen of Canyon. He entered the training school of the new normal college in 1910 when his father was selected as a member of the original faculty. He went through the college here from the first grade to Bachelor's Degree, majoring in mathematics and science. Leaving college he taught in Tulia and in Abilene.

His record in college obtained a scholarship in the University of Iowa, where he took his masters degree, teaching mathematics half time. Upon graduation, Dr. R. B. Cousins placed him as head of the department of Physics in the College of Arts and Industries at Kingsville. He went to the University of Washington, D. C., to work on his Ph. D. degree, and discovered he could do his college work at nights while working in the U. S. Patents Office. His contact with this office caused him to change his mind and he changed to the study of ylaw.

He resigned his position at Kingsville, and transferred to the University of California, where he received his law degree. He continued his study of patents and copyrights, as well as the general practice of law. Although licensed to practice in all courts, including the Supreme Court of the United States, he limits his practice to patents and copyrights.

With the outbreak of World War II he enlisted in the navy and holds the commission of Lieutenant.

He was married while at the University of California and his wife makes her home in Oakland while Lieut. Allen is on duty with the navy.

Red Cross Asks For $2,600 War Fund

Randall County Citizens to Give Twice the Amount of Donations Made Dec., '41

Randall county citizens are called upon to contribute $2,600 to the War Relief Fund of the American Red Cross. T. V. Reeves, chairman of the Randall County Red Cross Chapter, asks citizens to make their contributions as quickly as possible although the national campaign does not start until March 1.

The quota is double the call made in December, 1941. No calls were made during 1942 by the Red Cross.

Mr. Reeves states that his committee worked out a schedule for every family in the county when the 1941 call was made. If all will double the amount paid then the 1943 call will be raised quickly.

Owing to gasoline rationing and tire shortage it will be impossible to make a county-wide drive. Most people know what they gave before, but if in doubt Mr. Reeves will show them the 1941 list.

Mr. Reeves asks that all citizens in the various communities who assisted him in the first campaign to do so again. Those who wish to make contributions now may mail their checks to him, or leave contributions at the City Hall.

Home Nursing to Be Given in Red Cross Course

A home nursing course will be started in Canyon, which will be taught by Miss Hellen Hickman. Women who wish to take the couse are asked to call Mrs. C. A. Murray, phone 121W.

The class will meet Tuesdays and Thursdays from 10 to 12 o'clock in the mornings at the Red Cross room.

Two classes were recently completed in home nursing, with 22 women receiving certificates in the work.

Mrs. Malone Has Enlisted in WAACS

Mrs. Jacqueline Malone, daughter of Mr. and Mrs. Guy B. Tabor, has enlisted in the WAACS at Los Angeles. Her examinations showed her IQ to be the highest in the Los Angeles territory with the exception of the major.

Mrs. Malone reported at Ft. Des Moines this week.

Lee L. Johnson Is Aide to Shrine Head

Dr. Lee L. Johnson has been appointed Aide to Potentate Bill Gillstrap of Khiva Temple.

The Shrine is planning an active year, including the initiation of 100 novices and a million dollar Victory Bond Drive.

Miss Martha Frances Campbell of Fort Worth, visited over the week end with her parents, Mr. and Mrs. Ray Campbell. She is a student at Texas Christian University.

Mrs. Brunson of Hereford visited over the week end with her sister, Mrs. A. H. Prichard.

Frank Jones in Alaska With the Navy Seabees

FRANK M. JONES

Frank M. Jones, son of Mr. and Mrs. S. H. Jones, is now stationed with the Seabees in Kadiak, Alaska. He volunteered August 8 and was sent to Norfolk, Va. Later he trained in Providence, R. I. and San Francisco and was sent to Alaska in October.

Mr. Jones was a teacher in the Dalhart public schools before entering the service.

Poll Taxes Are Paid by Fewer Persons for 1943

Randall county will have about 1900 qualified voters this year if there are any elections.

There was a total of 1627 poll tax receipts issued. The county has something like 300 men and women over age who are not required to pay a poll tax or to be issued an exemption.

The payment this year is a little better than has been usual in former years when there were no elections.

Tax collections were good this year, according to statements of all collectors.

Three Men Are Commissioned By the Army

Three Randall county men have been made officers during the past week.

Lieut. Weldon Bright arrived last Thursday from Fort Sill where he completed officer training and received his gold bars as 2nd Lieutenant last Wednesday.

Lieut. Leslie Van Meter received his gold bars last week after having completed the officer training course at Miami Beach, Fla. He is in the physical training work.

W. J. Wooten, Jr., has been made Ensign in the Naval Reserve. He is a dental student in Northwestern University and upon graduation will become an active officer in the navy.

Retail Food Dealers Meet Monday, 8 p. m.

All retail grocers and other food dealers in this area will meet OPA officials in Amarillo next Monday night at 8 o'clock at the Potter County court house.

This meeting is important, as details of rationing on 200 canned articles will be explained to the retailers.

Ground Hog Caught Glimpse of Shadow

It looked Tuesday morning that the ground hog would be snowed under before night fall. There was a light mist during the morning, which threatened to turn into snow.

However, the sun came out in the late afternoon, and according to tradition, the ground hog went back for six weeks more of winter.

One More Boy Has Registered Here

Only one boy registered the last week, as he became 18 years of age. This was Joe (Jackie) Wilson Brian.

Boys are required to register for military service on the day they become 18 years of age.

WITH CURTIS-WRIGHT

Miss Wanda Goodwin will report to the Curtis-Wright Co. in California to work in the Engineers Department Feb. 12.

Miss Goodwin is the granddaughter of Mr. and Mrs. C. P. Shelnutt. She attended West Texas High School and is now in Trinidad, Colo.

MRS. HILL AT DALLAS

Mrs. J. A. Hill returned Thursday from Dallas where she attended a meeting of the executive committee of the Texas Federation of Women's Clubs. Mrs. Hill is chairman of the education committee and presented a report on the program of this committee.

M. H. Rockwell has been released from an Amarillo hospital where he spent a week. He reports that he is feeling fine after a good rest.

Pictures Wanted of Men Now in Service

The News presents in this issue several Randall County boys who are now in the armed services of their country. We would like to publish pictures of more of these men.

The only cost is the small amount necessary to buy the engraving plate, and members of the families of these boys are always glad to make this small contribution in order to have the pictures published. All pictures will be returned without damage.

January Bond Sales Are Short In the County

Randall county was short during January on the sales of War Bonds, according to the report of R. H. Wright, county chairman.

The quota for the month was $23,500. The total sales were only $19,392.25, making a shortage of $4,107.75 for the month.

Mr. Wright hopes that the citizens of Randall county will make up the deficit during February and meet the quota in full.

STORK SPECIAL

A son, Jackie Leon, was born to Mr. and Mrs. Jack B. Crow of Amarillo. The grandparents are Mr. and Mrs. W. R. Crow of Canyon.

Mayor Warren In Appeal for C-C

Reports Are Made Tuesday and Group of Ten Directors Are Elected for Coming Year

Members of the Chamber of Commerce met Tuesday night and selected the following as directors of the organization for the coming year:

Gordon Lyons, T. S. Maxwell, T. A. Black, Clay Cooper, Lee Johnson, Alfred Bellah, Levi Cole, Worth A. Jennings, Jr., J. B. Speer, and W. L. Smith.

Reports were made by retiring President Clyde Warwick, and Secretary Levi Cole.

Mayor W. A. Warren urged that Chamber of Commerce work be carried on aggressively in Canyon. On his trip to St. Louis he found that cities are redoubling their Chamber of Commerce work in order to offset the depression which will follow the war. Because of overcrowded conditions in the cities and around war industries Mr. Warren predicts that there will be a movement back to the smaller towns and back to the farms after the war. Canyon should be ready to meet this influx of people. He urged that a constant clean-up campaign be started.

The City Commission needs the active support of a Chamber of Commerce. Low irrigation rates will be made available for Victory Gardens and for planting trees, shrubs and flowers. Canyon should be made the most beautiful town in this area.

Gordon Lyons stated that a high official of his company predicts that the Plains will be the most attractive spot in the Southwest after the war and it is up to the citizens to do their best to improve and advertise this section.

W. H. Upchurch stated that as soon as materials could be secured that the section of the county west of Canyon would be served by electricity.

J. B. Speer believes that there never has been a time when greater support should be given the college than now. Every citizen should give his full cooperation.

A program for the year's work will be adopted by the directors.

Dr. J. A. Hill Meets Legislature On Appropriations

President J. A. Hill went to Austin Sunday to appear before the Appropriations Committee of the House and Finance Committee of the Senate.

The legislature is conferring with heads of state educational institutions regarding appropriations for the coming two years.

A meeting was recently held at which a formula was suggested as the basis for appropriations, taking into consideration the declining number of students as a result of the war.

Capt. V. Lockhart Rated High In Special Courses

CAPT. VINCENT LOCKHART

Captain Vincent Lockhart has recently returned to Camp Edwards, Mass., after attending a school for the Student Officers Battalion at Ft. Washington, Md., from Dec. 5 to Jan. 26.

On the first three general exams, he made 93, 87, and 90 respectively, ranking fifth, ninth and eighth in a class of thirty-eight men. On the remaining examinations he ranked third in the class.

Captain Lockhart went from Canyon with Company F in Jan. 1941.

THE MANPOWER MESS

Every time you pick up a newspaper, and nearly every time you turn on the radio you hear about the manpower problem of the nation. The armed services, war plants and agriculture are all fighting for more men. Each insists that the war efforts are being badly hampered because of the lack of manpower.

Where have all the men of America gone, and why is there not a sufficient manpower in light of the millions of women who are being inducted into every branch of business and industry?

Harry Hopkins, the man closest to the President, says that every person in the nation must get into the war and take some part in the war program. That is fine and dandy, and every American citizen will agree that he is willing to do his utmost in the prosecution of the war. But he wants this to apply equally to all.

Just what has become of our manpower? Naturally we cannot take several million young men into the armed services without crippling industry and business. But the various branches of women's services say that the women are replacing men who are taken into the armed services. If this is true, then the armed services are not to be criticized as severely as Selective Service is being criticized by a lot of people who like to pop off without knowing their facts.

Men in the armed forces are on duty 24-hours per day, and those who are fighting our battles would consider it silly to punch the time-clock and quit at the end of 40 hours per week.

Farmers are told that they must produce more food, or the nations of the world will starve. Farmers have not increased farm wages as rapidly as industry. Farm labor has always been the lowest scale of pay. Maybe the farmers could have held some of the men who have been lured by the bright lights and the 40-hour rule of the nation had the farmers raised wages a little to meet the increased wages in industry.

In this three-cornered fight for manpower, certainly the armed forces and the farmers are doing everything they can to meet the situation and are putting in as many hours per week as necessary to do their jobs.

What about industry? Are those engaged in industry doing their job? They are still handicapped by this damnable 40-hour per week which was adopted as a peace-time measure. The President and the big labor leaders insist that the 40-hour week be maintained in spite of the fact that we are in a death struggle, and that we could still lose the war if we quit now.

During the past months glaring examples of union abuses have been exposed to the people—who are called upon to pay the bill of increased cost of war materials. Strikes are increasing, and inter-union strife has increased in spite of the increased demands made of the men under arms and the men who are feeding the balance of the nation.

We have a fine example in the Panhandle of what has been going on throughout the nation in our war plants. Pan-Tex has been calling for more labor, in spite of the fact that it is commonly reported that the plant was on a quota, and after this quota was reached the employees had little to do. A lot of ugly rumors have been making the rounds. Just how much is true or untrue, the layman has no way of knowing. The fact remains that about one-third of the employees at the plant were fired Saturday and one shift was abolished.

Has the government built more munition plants than were needed? Has the administration of these plants been so sloppy that one-third of the workers could be fired, and the plant still produce all that the war department demands? Please keep in mind that regardless of the production or lack of production in these war plants, you Mr. and Mrs. Taxpayer are footing the bill. If there is a bottleneck in production at Pan-Tex which made it possible for one-third of the workers to be fired at one time, what about all of the thousands of other munition and war production plants throughout the nation which are handicapped by unjust and unreasonable union rules?

Production Chief Nelson, Admiral Land and Paul McNutt have publicly stated that production is far below par in this nation, and all have the 40-hour law should be abolished.

Will it be necessary for this nation to actually face defeat before something is done? The administration and the union leaders are not awake to the fact that they are responsible for underproduction in our plants, too high production costs, and the shortage of manpower.

Again we say, write letters to the President and to the Texas delegation in Congress. It seems to the News that the American people have stood about all the foolishness in our labor situation that we can stand.

France was ruled by the labor unions, who refused to work—and France fell. What is to keep the same thing from happening in the United States?

President Roosevelt has an outstanding weakness. He will stand by his friends to the last ditch. The case of Edward J. Flynn is an example. He placed Flynn at the head of the Democratic party in spite of the cloud over his character. He attempted to elevate Flynn to a place of great trust and honor as Minister to Australia in spite of the fact that Flynn would not have been graciously received by our powerful ally. Standing by a friend in time of need is one thing, but trying to reward a friend at the expense of the nation is petty politics.

"Unconditional surrender" was the harsh demand of President Roosevelt and Churchill from the Axis. Since Germany became a world power Europe has been engaged in war much of the time. The world cannot stand global wars such as we are now having. It is simply a case of either completely crushing the war-provoking nations, or having another war as soon as Germany is strong enough to strike again. Most people favor putting a complete curb on Germany after this war.

President Roosevelt and Prime Minister Churchill did not make their trips to North Africa just for the joyride. There was a purpose in that 10-days conference which will have much to do with the future war policies. The public will not know during the war all of the things which were developed in the conference. The Axis will soon find out the war plans. The war is not over by any means, but the end seemed more clearly in sight than it did a month ago.

Service Station operators in Canyon should feel pretty chesty. They started the movement for stations to operate only 12 hours per day, and recommended this to OPA officials. Whether the suggestion from Canyon was the first that was brought to national attention is not known, but the fact that the operators saw the necessity of such a move makes the boys feel pretty good about their agreement.

In spite of former declarations of no strikes during the war, too many strikes have been staged, indicating that the leaders no longer have control over their members. Increased wages are being demanded which will bring on inflation, which will be the worst thing that could happen to labor. The dangers on the home front are growing in spite of our successes on the battlefronts.

Hitler did not take the trouble to speak on his 10th anniversary in power in Germany. The day was observed quietly, with a couple of his henchmen making the customary Hitler blasts. The day was ruined for the Germans by a bunch of naughty American aviators who bombed Berlin, meeting little resistence from the air.

It is a shame that the French in North Africa cannot get together. While all factions agree that Hitler must be whipped, they have no political unity. After the war, if France is restored, the same national disunity threatens to prevail which made France an easy prey to the Germans.

It is revealed that Hitler thought the German Bunds in America would be able to start a revolution. He was badly mistaken in that. But this revelation is so clear that every Bund in the nation should be disbanded and the members made to prove that they are loyal American citizens.

If only half of the claims made by the Russians are true, German losses are so staggering that Hitler cannot laugh them off.

It is not the weight of jewel or plate,
Or the fondle of silk or fur;
'Tis the spirit in which the gift is rich,
As the gifts of the Wise Ones were,
And we are not told whose gift was gold,
Or whose the gift of myrrh.

Dr. Hossain Will Appear on Lyceum Monday Evening

Dr. Hossain, who will appear at West Texas State College on the Lyceum program, Monday, Feb. 15, at 8:30 p. m., has been hailed by the foremost leaders of public opinion as well as the press throughout the U. S., as one of the most brilliant lecturers on the American platform today.

Dr. Hossain, having returned from a world's tour which embraced Europe, the Near East, India, Burma and the Far East, has made a special study of the crisis in the Far East. He went into the war zone and personally witnessed the bombing of Canton and the wreckage of Shanghai by the Japanese. He also visited the once great naval base of Singapore. In Japan, he observed the ominous psychology and drama of a great nation being made a pawn by her militarists. He studied at first hand the tense international situation just before the war.

In India Dr. Hossain had numerous interviews with Gandhi, Tagore, Nehru, Jinnah and other leaders. As his first name indicates, Dr. Syud Hossain is a lineal descendant of Mohammed, and comes of an aristocratic family. In India Dr. Hossain was associate editor and editor-in-chief of the Bombay Chronicle and the Independent of Allahabad, two of the foremost newspapers of the country. In New York for four years he edited the New Orient magazine, described as one of the most distinguished reviews in the English language.

Dr. Hossain's brilliant book, "Gandhi: The Saint as Statesman," has had a wide sale in U. S., England and India.

His eloquence and flawless diction, his perfection of platform deportment, and his keen analysis of complicated international relations makes him a favorite on the lecture platform.

Buff Cagers Return From New York Trip

Poor Officiating and Illness Largely Cause Of Three Losses

The ten members of the "Tallest Basketball Team in the World" will be back in school today after completing a three game tour in the East. The Buffaloes played in Buffalo, N. Y., Madison Square Garden in New York City, and in Convention Hall in Philadelphia.

In their first game on Saturday, Jan. 23, the Buffs lost to Canisius College in Buffalo, New York, 52 to 41, playing sans the services of Captain Bill Stockman and Chat Johnson, both high scoring starters.

Then after a period of sightseeing, interviews and workouts, the jinx of Madison Square Garden grasped them as they fell to the Blackbirds of Long Island U. 69 to 53.

According to the radio version, of which the fans here heard the last 10 minutes of the game, the Buffs seemed to "choke" about the time Mutual commenced broadcasting. The score was 42-41. During most of the game up to this point the Buffs had been within three points of the Blackbirds.

Playing before 8500 fans Saturday night in Philadelphia's Convention Hall, the Buffs dropped behind in the last half to lose to St. Josephs 65 to 52. The Texans led 28 to 24 at the half. Three team members fouled off the court.

Sketches of Progressive Men & Civic Leaders of Amarillo

This department has been worked up as a reflection of public opinion. No man has written of himself or his business, all articles having been compiled by a Canyon News representative as he saw conditions. These men are laders in their various lines of endeavor, and the co-operation of those citizens of Amarillo who helped to make this department possible is sincerely appreciated by the publishers of the News. All material hereunder fully copyrighted and all rights to any part thereof reserved.

Amarillo Baking Co.

R. D. AND HOYT HOUCK

A baking company which deserves its full measure of success, and which has been constant in its devotion to the needs of the people of this district is the Amarillo Baking Co., bakers of Houck Holsum Bread, and a company whose emblem on bakery products is your guarantee of unquestionable quality. This firm has carried on a healthy business for many years and over that period of time has made many thousands of friends for the city as well as for itself. We are unable to over-estimate the importance of such companies to our community, and our review of essential concerns would not be complete without bringing this bakery to the attention of our readers.

R. D. and Hoyt Houck, who conduct the business, are men of the highest calibre. They have considered their business and civic responsibilities in a serious manner and are always ready to aid in the promotion of any project which promises to benefit Amarillo and this district as a whole. We congratulate them on their conduct of a business which is an asset to this entire district and we wish for them continued success.

A. L. Anderson

Every progressive, successful business man in Amarillo contributes in some manner to the growth and progress of the city. And Mr. A. L. Anderson of the A & M Sales Co., is a man who has done his bit in both civic and business activities. As further evidence of his progressiveness, he has added a full line of variety stock in addition to his complete line of household furnishings and now practically any household item may be obtained at his store.

The prominent part that the A & M Sales Co. has played in the building up and development of Amarillo and vicinity mirrors the progressiveness and ability of such men as A. L. Anderson. He has at all times been steadfast in his devotion to the city and the surrounding country and on many occasions lent his support to the successful promotion of meritorious civic projects.

Amarillo and this district are fortunate to have such a man as A. L. Anderson in a position of responsibility and service and this newspaper feels that it merely reflects public opinion in paying this brief tribute to a man of such worth.

C. M. Goodnight

Amarillo owes much to those progressive citizens who have taken an active part in the growth and progress of the city and who, because of their activities, have aided in the growth and development of the surrounding territory In mentioning some of these men it is only fair to include Mr. C. M. Goodnight of the Amarillo Grain Exchange Inspection Dept.

More than this Mr. Goodnight has devoted much of his time to civic activities and his main interests have always been devoted to the welfare and the building up of a greater Amarillo. The value of such men to the community cannot be overestimated when taking into consideration the many things they have accomplished that have been such an asset to his city and this entire district.

C. M. Goodnight is wholly deserving of praise, and these few words of commendation are but a just recognition for the many activities which he has conducted on behalf of the general welfare of the community. The honest and successful conduct of his business affairs is but a reflection of his character. We trust that he shall continue to serve Amarillo and vicinity for many years.

R. E. Wertz

In making this review of progressive Amarillo business men it is appropriate that we include some of those men who have taken an active part in the exploration and development of the oil and gas industry in this area. And in doing so we would be censured if we failed to include Mr. R. E. Wertz of the Amarillo Gas Co. and the Amarillo Oil Co.

Mr. Wertz is that solid type of citizen whose fairness and friendliness and sincere desire to be of service are accountable for a large measure of his success. As time goes on his personal interests have become more closely interwoven with the business and civic affairs of the city. As a result he has, quite naturally, become accepted as a man who can be called upon and who will cheerfully do his part to further the development of those community activities on which he is best fitted to serve.

R. E. Wertz has, by the conduct of his business and by his attention to civic affairs, earned the friendship and goodwill of his fellow citizens. He is to be complimented upon his activities and we merely express the desire of his many friends in wishing him continued success.

J. H. Bell and W. W. Braden

Most cities if they amount to much are man made. They do not just happen. It has been the realization of its more progressive citizens that their city must grow and prosper and be something other than just another place on the map, that has brought results and made it possible for the city of Amarillo to be an outstanding one, and for those within it to prosper. J. H. Bell and W. W. Braden, of the contracting firm of Bell & Braden, are men to whom much credit must go for playing no small part in the growth and development of Amarillo and vicinity.

They would be the last to mention the matter but when the call goes forth to rally around something worthwhile for the community they are among the first to volunteer. The friends of Bell and Braden are outspoken in paying them this well deserved tribute and they do so because of a thorough knowledge of their activities. Successful in their own business, they are equally as successful in the promotion of civic progress.

Jack Coulter

Mr. Jack Coulter of the Amarillo Livestock & Sales Co., is one of those quiet unassuming, yet progressive business men who has consistently forged ahead in his business. And he has also put his shoulder to the wheels of civic progress whenever his help was needed in furthering civic enterprise which showed definite promise of being beneficial to the welfare of the people.

Jack Coulter was never a man who was given to wishful thinking. His methods are those of direct action, and whether the problem at hand is one concerning his own business or that of a civic nature he attacks it with optimism and vigorous enthusiasm. And to this his acknowledged business ability and keen sense of values and it is easily understood why he is almost invariably successful in business or civic activities.

We feel it is our duty to call the attention of our readers to these worth-while characteristics of Jack Coulter and to pay him a deserved tribute for his straight forward business methods and for the unselfish interest he has shown in public welfare.

S. D. Hanes

Our issue today proposes to call the attention of our readers to some of those progressive business and civic leaders who have contributed their share of time and energy to the building up of Amarillo and the surrounding territory to the position of prominence which it enjoys at the present. One of these men to which we wish to direct attention is Mr. S. D. Hanes of the Amarillo Auto Clinic, a business man who has never spared himself in his aggressive march forward. He is a man whose competitors respect as much as do all others with whom he comes in contact.

Mr. Hanes is at all times conscious of his civic responsibilities and is depended upon to meet in every detail the many opportunities which present themselves to be of service to the city. S. D. Hanes' record of achievement is one of which he may well be proud. His value to the city, and this district is an established fact and we hasten to give him the credit which is his just due.

Amarillo Group Natl. Farm Loan Associations

ROBT. W. FOSTER

Three institutions that give stability to the farming and ranching interests of the Panhandle are the Amarillo, Canyon and Vega National Farm Loan Associations.

From the time they were organized they have been under the management of conservative yet progressive men, of broad and liberal views in the matter of caring for the farmers and ranchers needs, yet men who have carefully guarded the best interests of their people at all times. This invariable policy has gained for these associations the greatest confidence of the people of all the surrounding country and among its members will be found the majority of the districts more progressive cattle raisers and farmers.

The Amarillo Group of National Farm Loan Associations, under the capable direction of Mr. Robt. W. Foster, are essential institutions which make possible the expansion and growth, not only of the individual, but of this entire district. In making this review of progressive men and firms we wish to compliment the Amarillo, Canyon and Vega National Farm Loan Associations, also their officers and directors, and direct the attention of our readers to these worthy institutions.

J. A. Watkins and J. N. Lawhon

In paying tribute to some of the more progressive business men of Amarillo we would be remiss in our duty were we to fail to include J. A. Watkins and J. N. Lawhon of the Acme Plumbing & Heating Co.

They are men who have contributed much to the welfare of Amarillo and the community for many miles around. Their civic spirit is evidenced by the many services they have performed and which they continue to perform in the interests of the people as a whole. No worthwhile enterprise which promises to benefit the community escapes their attention.

They are men of wide acquaintance, whose many friends admire and respect in them those virtues which inspide confidence and promote good feeling. Their upright business methods are a credit to their high sense of honor. There is always a place in any community for men of their type. We congratulate Jim Watkins and Noble Lawhon on their splendid record of service and trust they shall continue to assist us for many years to come.

A. L. Biggs

Recognized as an authority on loan problems and real estate values Mr. A. L. Biggs, of J. E. Foster & Son, Inc., has turned his knowledge to the advantage of the people of Amarillo and vicinity. He has made more FHA loans throughout the Panhandle than any other single individual or firm. Mr. Biggs also does a general insurance business under the name of the Amarillo Insurance Agency. Aside from his business activities he has always been vitally interested in the civic betterment and progress of the city and has backed up his interest by active participation in the promotion of many projects which have benefited Amarillo and the Panhandle.

The city of Amarillo is indebted to Mr. Biggs for his attention to its civic affairs, a characteristic which marks him a good and loyal citizen. And the measure of his loyalty to the community is most apparent through his untiring works.

His loyalty and service have made of A. L. Biggs the type of man we all appreciate. We congratulate and extend to him, on behalf of all those interested in civic betterment and progress, sincere appreciation for his efforts along such lines.

E. L. Smith

Mr. E. L. Smith of the Amarillo Band House is one of those men who has always done his bit to maintain the prestige of the city of Amarillo as the leading metropolis of the Panhandle. He has always worked for the development of the city and his many services are worthy of sincere appreciation.

E. L. Smith has proved himself worthy of extended mention and these few words are not really adequate recognition of the many services he has performed in the promotion of public welfare. His well-earned success as a business man is easily understood knowing as the people do his widespread reputation for the honesty which characterizes all of his business dealings.

Mr. Smith is completely aware of his civic responsibilities and he is wide awake to the many opportunities for service. He's always ready and willing to lend his support to any project which promises to benefit the community as a whole. We compliment E. L. Smith on his accomplishments and wish for him continued success.

Bess Orr Foringer

To be a consistent and persistent booster of the home community very often takes courage and plenty of optimism. It is because of her unfailing faith in the future of Amarillo and the Panhandle and her unflagging efforts to promote its development that Mrs. Bess Orr Foringer of the Amarillo Secretarial School, is selected now for this brief tribute.

Mrs. Foringer has proved very ably that she is a business woman of more than average ability, for it is largely due to her ideals of service coupled with the determination to see that all of her students have a complete and thorough business training, that her school holds its high position in the public's favor. She is a woman of sound business judgment whose ideas have been the inspiration of many who know her.

We are glad to pay this deserved tribute to Bess Orr Foringer and to point out to our readers that hers is the guiding influence back of the splendid training received by a great many of the young people who are now holding responsible positions in the business life of the Panhandle.

S. F. Powers

It is fitting in this review of progressive Amarillo business leaders that we acquaint our readers with the man to be credited with having maintained the Amarillo Production Credit Assn., in the enviable position it holds in the rural life of this district. That personality is Mr. S. F. Powers whose genius for organizing and for converting new ideas into actual deeds has played a vital role in the distinctive reputation which the Amarillo Production Credit Assn. now enjoys throughout the Panhandle.

Mr. Powers has found time in addition to his business activities to give thought and energy to community projects. He is a citizen whose talents have been steadfastly devoted to the best interests of the city. He has been successful in his own business and in promotion of the general welfare of the community. We are glad to pay this brief tribute to him and to say this district owes much to the many benefits which Mr. Powers and his association have rendered to the farmers and cattlemen of this section.

Fred Doche

Mr. Fred Doche of Doche & Co., licensed Sanitone Cleaners, has a well earned reputation for progressiveness, because he has consistently forged ahead in business never letting up in his efforts to make the service his company renders to the people more valuable. This invariable policy has made Doche & Co. outstanding in their field, a fact that is well known to the public.

But Fred Doche has accomplished much more than just making a success of his business and we take this opportunity to pay tribute to him for devoting all of the time he could spare to the general welfare, not only of his own city, but of this entire district as well.

It is such men as he who are both successful in business and appreciative of their civic obligations, that are deserving of recognition. We take pleasure in publicly giving Fred Doche the credit for his accomplishments which his friends and associates have so long accorded him.

Tommy Bird

We desire in this Amarillo review to call the attention of our readers to the leading position which Tommy Bird has reached in the business life of this section. During the comparatively short time he has been in business for himself in Amarillo he has made many personal friends as well as having earned the goodwill of his associates for the straight forward manner in which he has conducted his business affairs.

Mr. Bird has worked hard to deserve the confidence which the people of the community have in him and he continues to work hard to maintain in every way that high standard which he has set for himself.

He has shown a willingness to assist in every manner at his disposal in the growth and development of the city of Amarillo and is always ready and willing to lend his support to any project which promises to benefit the community as a whole. Tommy Bird deserves our heartiest congratulations on the splendid record he has established and we sincerely hope for his continued success.

Transportation to and from work these gasless times is a major adventure. As witness the suburbanite who reached his home town during the small hours and went immediately to the telegraph office to dispatch this message: "Will not be at office today. Am not home yesterday yet."

I thank God I am as honest as any man living that is an old man and no honester than I.—Shakespeare.

C. C. Tadlock, Jr.

Because this is a period of growth and expansion for Amarillo those business leaders who had the foresight and ability to lay their plans so as to be able to take advantage of those conditions are entitled to more than ordinary acclaim. We are therefore glad to pay tribute to C. C. Tadlock, Jr., of the Amarillo Meat Co., for he is becoming a well-known figure in the business life of the city. His persistent optimism and steadfast belief in the continued prosperity of the people of Amarillo and vicinity are characteristics which are deserving of our highest praise.

Mr. Tadlock has always shown a willingness to do his part in civic advancement, and has contributed repeatedly of his time and energy to the welfare of his city. We believe that this type of business leader is entitled to our sincere praise both because he has achieved success in his private affairs and because he is willing to contribute to the public good.

R. C. Super

There are many men in their chosen fields who are prominent, but who will not permit much to be said about their achievements. It is however, public property every time a man reaches a position in any community where he is generally recognized as a leader in his line. Mr. R. C. Super the manager in Amarillo of the American Optical Company has always done his work effectively, even though it has been accomplished in an unobstrusive manner. And it is our privilege to include him in this Amarillo review.

Mr. Super, even though he may be otherwise occupied, always manages somehow or other to do his bit in any movement calculated to benefit the community. His modesty, however, will not permit him to say the things about himself which are said by his friends, who would also tell you that his professional conduct is a credit to his high sense of honor. He is a man who well deserves more credit than accorded him here.

Of further interest to the public is the news that the American Optical Company has recently received both the Army and Navy E award for their war effort in furnishing both branches of the service with G I optical frames, bomb sights and different types of aviation goggles. They have also developed a complete, built in a truck, optical shop with instruments, equipment and a complete stock—to service up to 30,000 men. The entire organization of the American Optical Company and their employees may well be proud of their contribution to the war effort.

J. S. Bush

One of the more progressive business men of the city of Amarillo and one who deserves the respect and good will of every resident of the city is pleasant, likable J. S. Bush of the Bush Drug Co., who makes a specialty of carrying a complete line of serums, vaccines, tonics and medicinal remedies for livestock and poultry.

The Bush Drug Company has become an Amarillo institution and Mr. Bush is no less so because of his inseparable connection with the firm in the minds of its customers.

He has always been ready and willing to contribute his time and energy to the assistance of any plan which promises to benefit this district and the people of Amarillo may regard with particular satisfaction the many services he has performed for the community in the interest of progress and civic betterment.

We urge our readers to look to J. S. Bush as a man of whom we may be proud. His devotion to his city has been constant and his achievements well merited. His straight forward business methods are a credit to his high sense of honor and the progressive policies he has pursued in the past assure his continued success.

Sir, I would rather be right than be President.—Henry Clay.

Aleck R. Anderson

We take pleasure in this Amarillo review in calling the attention of our people to one of the more progressive cattle and oil men of Amarillo. That personality is Aleck R. Anderson who is widely known throughout the Panhandle.

The development of the natural resources of the Panhandle, with particular reference to petroleum, has been one of the greatest single factors in the growth and progress of Amarillo and Mr. Anderson is one of those men who took a leading part in many phases of oil field activities.

Aleck Anderson is a resident of Amarillo and has a wide circle of personal friends in the city and throughout this entire district. He is also a man who has considered his civic responsibilities in a serious manner and is always ready to aid in the promotion of any project which promises to benefit the city.

We congratulate Aleck R. Anderson for his activities and for the part he has played in the development of the petroleum resources of the Panhandle and wish him many more years of continued successful operations.

R. F. Freeman

In critical times such as these, it takes business men of more than average ability and optimism to carry on their operations successfully. In making this statement the man we have in mind is Mr. R. F. Freeman who, not so long ago, took over the operation and management of the Anderson Mattress Factory. His contagious optimism and freely expressed belief in the future prosperity of Amarillo and the Panhandle are characteristics which we appreciate in a business leader.

Mr. Freeman has already made a large circle of personal friends as well as business associates in the conduct of his business. He has begun to take an interest in community activities and has shown a willingness to shoulder his share of the civic load.

It is men like R. F. Freeman who, because of the successful conduct of their business and private affairs and their willingness to contribute to the public good, are wholly deserving of a few words of commendation. It is a pleasure to pay him this brief tribute.

Homer Brown

We wish in this edition to pay tribute to Homer Brown of the Homer Brown Machine Shop, for his many services to the city of Amarillo and his splendid record of achievement in the business life of the city. Mr. Brown has as wide a circle of friends as any other person we could name. He has cultivated personal friendships at every opportunity and is at pains to conduct himself in such a manner as to deserve the respect and admiration of all who know him.

A city is fortunate in being able to number among its more progressive business people such a personality.

Homer Brown is always ready and willing to lend his support to the promotion of any project which promises to benefit this entire district. He may be depended upon and his services to the people are too many in number to be described here. It may be sufficient to say that the publishers of the Canyon News consider Homer Brown an asset to the community and a business leader of whom the city may be proud.

Clarence Dial

Recognized as one of the more progressive business men of Amarillo, Mr. Clarence Dial, the manager of both the Amarillo Produce Co., and the Amarillo Ice Co., performs a real service for the people of his city and this district, and his many contributions to civic betterment are too well known to require repetition in these columns. His personal success has been turned to the advantage of his fellow citizens and he is always ready to assist in any enterprise which promises to advance the welfare of the community.

Clarence Dial is deserving of praise and this small tribute is but a just recognition of the many services which he has performed in the way of civic and business activities. His reputation for the successful conduct of his business affairs is no greater than his reputation for the honest practices which characterize his every transaction.

We congratulate Clarence Dial on his splendid record and trust that he shall continue to serve the people of Amarillo and vicinity.

Economic Planners Study Farm Needs

Special consideration of farm problems has been undertaken by E. R. Stettinius, Jr., left, and Milo Perkins, members of the Board of Economic Warfare. They met recently with the Senate Agriculture Subcommittee to discuss 1943 measures.

Valiant Home Front Battle Wages Fight Against Dreaded Disease

Students Hold Dance for Infantile Paralysis Fund

War on the home front! Students of Canyon High School contributed Monday and Tuesday to the drive against infantile paralysis, sponsored by the National Foundation for Infantile Paralysis and its associate chapters. On Monday they socked the dreaded crippler to the tune of $4.00.

As the President of the United States so ably stated, "Strong children make a strong community and strong communities make a strong nation." Money collected on Monday and Tuesday will do its part in making healthy, happy children out of the crippled sufferers of this dread disease.

Drive Honors President

Students contributing to this drive, while aiding the unfortunate throughout the country, were also honoring President Roosevelt because this struggle against infantile paralysis is a cause greatly cherished by him.

Shirley Harrell and Georgia Faye Holt, who collected these contributions along with purchases of Bonds and Stamps, report that fair interest was shown in Canyon High School in this worthy cause.

Girls Sponsor Ball

To boost the March of Dimes $9.27 more, several girls from Canyon High School sponsored a President's Ball at the Legion Hall last Friday night. Chaperons were Mr. and Mrs. Guy Harp, while Mr. and Mrs. R. O. Moore, Mrs. Alfred Bellah, and Superintendent J. B. Speer were special guests. Mr. Cliff Jarrett of Jarrett Drug Store furnished the nickelodeon for the music.

DEVELOP GOOD HABITS

Don't dishearten, ye' lugg-headed seat fillers! Roger Babson, the millionaire, declares that good memories are misleading. He asserts that young people "who never forget" are void the training that comes from struggles and hardships. "Brain children" enter real life without any knowledge of experience in real work, real competition, and real disappointment.

If your I. Q. is something you hide in a closet, keep it hidden; but don't let its memory have you thinking of moron off-springs.

Commendable grades in high school don't insure successful business life just as poor grades don't prevent a successful one.

Moreover, good sense is more often a good judge rather than good memory. Accurate decisions are the pivot of success. Conclusion—always practice good judgment along with the struggle for A's. Habit is life's most powerful weapon.

Since everyone is all out for victory now Cal has decided to try his hand at it for a change.

V—oicing my opinion (if I may) on the subject of boys, girls, and dates. It seems that James Inman's girl stood him up Saturday night for another boy. What about that Joan Byars and Donald Lee Lyons?

I—saw her did you? Our brown-eyed, brown-haired, beauty queen has come back. It seems that Lynelle Roach just couldn't stay away from the pleasant atmosphere of Canyon High. I wonder if Bobbie Dowd could tell us anything about that.

C—ausing a lot of comment around our alma mater lately is the fact that we have a new girl from California. If all you boys have not been lucky enough to meet her, the name is Florence Buchanan. In case you want to know more about her, ask Charles SoRelle. . . . I think he can tell you.

T—ommy Thompson, it seems, was pretty busy after the basketball game Friday night. What's the matter, girls, was he the only one who had his car?

O—ptional. Dana (Percy) Persons took quite a fancy to Shirley Newberry at the President's Birthday Dance. Maybe old Cal can scrape up a romance here, who knows?

Pupils Select Lill Leader of Club

Electing officers and making plans for the following terrm, the two combined Spanish classes reorganized into a class club on January 28, under the supervision of the new teacher, Miss Claryce Whitten.

Lila Mae Lill is the newly elected president, while the other officers are vice-president, Helen Jo Cox; secretary, Georgia Faye Holt; treasurer, Wanda Moreland; social chairman, Ellen Sanders; and parliamentarian, Miss Whitten.

Every other Friday during Spanish class periods, the club will meet for programs concerning Spanish-speaking peoples and their customs.

Clocks and Students Exciting for Braudt

After many varied and unsuccessful attempts to lure Mrs. Corrah Lee Braudt from her room last Friday, the eighth graders finally called in Mrs. Guy B. Tabor, who had to all but order the teacher from her domain.

During her absence, the students placed a beautifully wrapped gift on her desk and made some other secretive preparations.

On returning, the surprised class sponsor opened the gift, and nearly dropped the beautiful ivy bowl when alarm clocks started going off all over the room. Mrs. Braudt was told to find the clocks, and imagine how she felt when she discovered one in Bill Davis' shirt!

Until Superintendent J. B. Speer can secure a teacher to replace Mrs. Braudt, Mrs. Tom Brasher will substitute.

Director Selects Class Play Cast

Sponsor and Cast Expect Hilarity and Excitement

Competing for parts in the senior play, "Aunt Susie Shoots the Works," eligible seniors met in the Canyon High School auditorium, February 2, for tryouts.

Assisted by Miss Claryce Whitten, Mrs. Guy B. Tabor, director, selected Anita Davis to play the part of Aunt Susie Stowe, an eccentric old maid who is determined to have her own way; Martha Jean Dowd to portray Joy Herbert, Aunt Susie's pretty niece; Carolyn Black to be Scarlet Dean, Joy's colored maid; Mattie Garrison to impersonate Laura Dawson, a bewildered young maid; and Shirley Harrell to be Madame Zola.

Enacting the part of Mrs. Edward Dunning, a neighbor, will be Theresa Nell Blewett; the part of Portia Lark, a female lawyer, Lila Mae Lill; Omar Graves, a successful business man, Dick Woods; La Salle Johnson, Omar's colored servant, Charles Owens.

Johnny Rogers, the young man engaged to Joy, will be portrayed by Andy Walsh; and Slick Conway, who resembles a detective, by Joe Ziegler.

"I think the play is unusual and exceedingly interesting. Each member of the cast can be assured of a good time and many exciting experiences during practice," commented Mrs. Tabor.

Students Discuss Class Business

Planning parties and arranging assembly programs were the main activities as the classes of Canyon High School gathered for regular meetings last Friday.

New officers of the senior class, elected Friday, are president, Lila Mae Lill; vice-president, George Black; and social chairman, Theresa Nell Blewett. Other activities of this class were planning yesterday's Valentine party and discussing the senior play.

Filling Mrs. James Jennings' place, Miss Claryce Whitten was elected sponsor of the junior class. These students also discussed their assembly program before amateur songsters, Franke Phillips, Mollie Nann Ziegler, Charles SoRelle, and Wayne Wirt presented the entertainment.

After a report from a committee for the sophomores' assembly program, Betty Brown led a program of "Noah Webster Says."

In the freshman class meeting, songs by Kathleen Hillier and Evelyn Garrison were heard by the members of the class, while Ann Crawford, eighth grader, played the piano as her class mates sang songs.

Before a program of stories and plays, the seventh graders planned a Valentine skating party for February 12, and a committee was appointed to complete the plans.

Nearing the close of their season, the Canyon hoopsters pause in their practice to pose for the camera. On February 15-16, they will play in the district tournament, ending the season. Left to right the basketeers are: Charles Taylor, Coach Milton Sanders, George Black, Lindsey Taylor, Leslie Gordon, Harley Hicks, Don Standley, Earl Gene Peppard, ex-center Chic Wirt, J. Ray Hunter, J. Spencer Winn, Max Bosley, ex-forward Speedy Wright, Billy Ray Boling, ex-guard Calvin Sanders, Bobbie Dowd, and manager Tommy Thompson.

Senior Class Has Valentine Party

Senior class party goers attended their first "after semester" party Wednesday night when they were entertained in the home of Mrs. W. C. Black, roommother.

Card games furnished fun-making for the first hour followed by a "truth or consequences" entertainment which ended the planned program.

Heart-shaped jello and candy, gum drop cookies, and Russian tea appeased appetites besides adding the Valentine atmosphere.

Johnson Presents Lyceum Number

In an annual lyceum assembly at Canyon High School yesterday, Burton Lynn Jackson presented several musical numbers on the marimba.

Having never studied a scale or touched a musical instrument of any kind until his eighteenth birthday, Jackson, determined that his interest lay in the marimba, proceeded to secure the necessary knowledge by beginning at the top of perfection and working downwards.

As a student of Claire Omar Musser, Jackson started a career of his own after less than six years of study. He received particular attention from the public because of his unusual arrangements of the old masters' compositions.

Featured in his repertoire were compositions from such composers as Bach, Corelli, Reger, Delius, Hindemith, Chopin, Herbert, Friml, and Carmichael. These numbers were selected from groups of waltzes, etudes, preludes, nocturnes, and concertos.

"Perhaps my best liked selection is my special arrangement of Hoagy Carmichael's "Star Dust," says Mr. Jackson.

Roberts Chooses Trio Members

To be the special groups of the Canyon High School chorus and to be the foundation of the A Capella Choir is the honor deserved by 19 students selected by Miss Mary Roberts, director.

Anita Davis and Martha Jean Dowd will alternately play and sing with and for this group, Anita singing soprano, and Martha Jean singing alto.

Singing first soprano are Frankie Phillips, Frances Gooch, Ellen Root, Betty Ann Miller, and Anita Davis; while Ellen Sanders, Mary Alice Campfield, Barbara Michael, and Velta Speer will occupy second soprano positions. To furnish harmony in the alto section are Billie Jo Wallen, Johnnie Frances Wallen, Carolyn Black, and Martha Jean Dowd.

Providing the bass, baritone, and tenor parts are Ray Ellison, James Meroney, Charles Farley, Charles Lee Evans, Max Bellah, and Billy Harwood.

"I am expecting steady and conscientious study from these boys and girls, thereby enabling us to present many public numbers," said Miss Roberts.

Boy Causes Teacher Mental Disturbance

Thump! Thump! Thump!

What is that mysterious sound from above?

Suddenly the sounds stopped—then started again.

Finally a disturbed teacher left his desk and went to find the source of the disturbance.

Up to the science room, next to the study hall—still not a clue!

All the teachers kept their eyes and ears open for sign of a clue.

No results.

There was quiet for a few hours. Then—thump! thump!

Again our teacher trekked to the top floor.

After some time, the students in study hall discovered what was up.

They admitted that a mischievous boy had merely moved his chair across the room—several times!

Grade Pupils See Patriotic Films

Miss Sarah Thompson, third grade teacher of the elementary school, reports that the grades saw, on Wednesday, January 27, three pictures on the subjects of animal protection and war effort.

Going hand-in-hand with the third grade students' study of animal life were the two pictures on animal protection in which they saw illustrations of some of the interesting habits and activities of the animals which they are studying and some which they have not yet studied.

From the other picture they viewed some of the things American school children are doing to boost the war effort.

Spiller Criticizes Copies of Paper

Mrs. H. B. Spiller, assistant director of the Interscholastic League Press Association, has thoroughly criticized four copies of "The Eagle's Tale," which were sent to The University of Texas Division of Extension, December 15.

Two of the main criticisms, according to Mrs. Spiller, lie in the fact that both stories and headlines are written from the writer's point of view rather than the reader's.

Mrs. Spiller congratulated The Eagle's Tale for the attention given to the War Effort and encouraged it to work even further in that field.

CANYON TAILORING CO.

Bellah Is Elected Social Chairman

Replacing Polly Winstead, who graduated at mid-term, the Canyon Future Homemakers of Texas Club elected Mary Ann Bellah as social chairman at a noon meeting on January 28.

Georgia Faye Holt, president, presided and various reports were given. Vergie Ruth Haines gave a year-book report and Rhita Jean Sullivan, sponsor, gave the treasurer's report.

With no further business to discuss, the meeting was adjourned.

Hoopsters Defeat Hereford Team

Clicking without the aid of three first stringers, the Canyon Eagles overpowered the Hereford Whitefaces in two basketball combats Friday night, one with a 35-26 victory and the second string rival with a 28-25 overhead.

In neither of the skirmishes did the Whiteface hoopsters surpass the Eagles' tally, although at several points the scores were equally balanced. By a small margin of three marks, Max Bosley lead the primary Canyon players while Leslie Gordon paced the local second teamsters.

With the loss of Calvin Sanders, Speedy Wright, and Wayne Wirt, the Eagle squad now includes J. Spencer Winn, Bobbie Dowd, Don Standley, George Black and Max, with Leslie as first substitute.

Corpsmen Have Special Insignia

Students Expect Brighter Future in Victory Corps

Showing an enthusiasm for the organization being launched by Miss Rhita Jean Sullivan, members of the homemaking classes and Canyon Future Homemakers of Texas Club have filled out applications for general membership in the High School Victory Corps.

In applying for membership, each student makes this pledge: "I hereby make application for general membership in the Victory Corps. In making this application I pledge myself, if accepted for membership, to strive to be worthy of wearing the general insignia of the Victory Corps. I will efficiently perform any community war services within the limits of my ability and experience; and I will diligently seek to prepare myself for future service whether in the armed forces, in war production, or in essential civilian occupation.

Students Make Pledges

"In evidence of my present qualification for general membership in the Victory Corps, I submit the following statements:

1. I am participating in a physical fitness program.
2. I am studying or have studied school courses appropriate to my age, grade, and ability.
3. I am participating in at least one important continuing or recurring war-time activity or service."

Home Health Courses Added

Because Canyon High School has no facilities for all the student body to take physical education, sports, and daily exercise, home health have been added to its school courses in the list of physical fitness activities.

Such things as selling war bonds and stamps, building model airplanes, taking part time employment, studying in nutrition and home nursing classes, and buying war bonds and stamps are included in war time services.

Division Representatives Attend Meeting

Divisions of the corps are production service, air service ground crew, land service, air service cadets, sea service, and community service. Each division has its own special requirements for membership.

As representatives from Canyon High School, Miss Sullivan, Superintendent J. B. Speer and Milton Sanders will attend the Victory Corps Administrator's meeting to be held in Amarillo tomorrow.

S. H. Condron Talks Of After the War Problems at Rotary

Stuart H. Condron was in charge of the program of the Rotary Club Tuesday, reading statements of well known leaders regarding after the war problems.

Spengler, in 1928: Message to Europe and America—"You are dying. I see in you all the characteristic stigma of decay. * * I can prove you have the characteristic marks of the dying ages of ancient Alexandria, Greece and neurotic Rome."

H. G. Wells: Declaration of human rights: Right to live; protection of minors; duty to the community; right to knowledge; freedom of thought and worship; right to work; rights in personal property; freedom of movement; personal liberty; freedom from violence; right of lawmaking.

The Rotary Club a few years ago adopted a program following the Wells suggestions.

Harrison E. Howe, noted scientist, suggested that when the peace was written that scientists sit by the side of statesmen to write a durable peace. Science is providing substitutes for vital supplies which have been captured by our enemies. Science can prevent war by supplying all persons with their needs.

Will Durant: In "Ten Steps up from the Jungles," Durant expanded practically the same ideas as given by Wells.

Gandhi has given a "New World Order." Non violence is the keynote of this great leader of India. "We are only trustees of the wealth in our possession," is the way Gandhi looks on wealth. "We are all servants of society."

Cordell Hull: "The primary basis for peace is to restore the economic health of the world. Peace can be maintained by bringing contentment to the peoples of the world; satisfy human needs; remove hunger and fear." Peace is based on economic security by Mr. Hull.

Judge W. O. Douglas of the Supreme Court: Democracy is not self supporting. It must be won by every generation. When men are strong in democratic faith Democracy is strong. Its continued vitality exacts a high degree of trusteeship.

Nicholas Doman (Hungarian): The soft spot in the Varsailles treaty was the failure to solve the problem of force. Create an international police force and subjecting it to Democratic ideals, we may create a world in which we might enjoy peace and the kind of world we will want to live in.

Henry Ford: When this war is over our task is to secure a just distribution of the world's goods. Industry must produce, society distribute. The best thing this war can do is to destroy the sources of war.

Frederick L. Schumann: Western civilization has not yet run its course; its people still have somewhere in them the creative energies to rebuild the world of tomorrow.

Edwin Markham: Our greatness is the greatness of our dreams; our wisdom is the wisdom of the heart; our resolute will, to lift the poor, to build the brotherhood, the vision unfilled.

Visitors were: S. J. Churchill, Dallas; Bob Doyle, Amarillo; J. Fishback and Rev. R. W. Jones of Canyon.

She Still Has Home Work

(Cut Courtesy Amarillo News)

Home work hasn't changed a great deal for Mrs. Olive K. Dixon. Fifty years ago she came to the Texas Panhandle and taught school in the ranch country near the Hutchinson-Roberts County line. She married Billy Dixon, the scout, Buffalo hunter and Indian fighter, and reared a family.

Last week Mrs. Dixon returned to school. She registered for a history course at the Amarillo Center of West Texas State. She is shown here signing up. This is her first experience as a college student. In the early days she taught on a certificate.

Last week we heard about the old Negro who was taking a civil service examination for the job of mail carrier. One of the questions was: "How far is it from the earth to the sun?"

The old darky looked frightened and exclaimed: "If you all is gwinter put me on that route, I'ze resignin' befo' I begins."

News In Canyon 25 Years Ago

(Taken from the files of the Randall County News of January 31, 1918)

A non-partisan League was formed for the purpose of greeting candidates who will visit Randall county during the year. Those appointed to look after the candidates were: D. A. Park, Dr. F. M. Wilson, C. D. Lester, Dr. R. B. Cousins, J. D. Gamble, W. D. Morrel, J. W. Reid, Oscar Hunt, T. C. Thompson, Clyde Warwick, C. R. Flesher, R. A. Terrill, R. L. Marquis, C. R. Burrow, W. J. Flesher.

Miss Tom Thompson and Clarence L. Thompson were married at the T. C. Thompson home. The bride has been teaching in the county, after graduating from the normal. The bridegroom is connected with the Thompson Hardware Company.

Harry Word was brought home after being in the hospital since his horse fell on him Oct. 26.

Robert Fain Reid, son of Mr. and Mrs. G. R. Reid, died from injuries which he received in falling off the passenger train near Zita. The circumstances connected with the accident were not cleared up.

A son was born to Mr. and Mrs. W. J. Wooten at their home in Happy.

Press Conference To Meet Here Next Saturday

Replacing the annual convention of the Panhandle High School Press Association, an editorial conference based on the theme "High Schools and the War" will be held with the College as host next Saturday, February 6, from 2:30 to 10 p. m. Not more than five persons from any member school may be registered as participants.

Speakers will include a federal official and Capt. Kring or one of his staff from the Public Relations Department of Amarillo Field. The subjects of the sectional meetings will be "Financing the High School Newspaper During Wartime," "Creating and Maintaining Interest on the Part of the Staff," and "Improving the Make-up of the High School Newspaper." Another attraction for the participants is the basketball game between the Buffaloes and the University of New Mexico beginning that night at 8 o'clock.

The present officers are Shannon Black, Tulia, president; Porter Brooks, Dalhart, vice-president; Nona Deen Rose, Hereford, secretary; and Shirley Harrell, Canyon, treasurer.

Each school which has not done so should name their voting delegate, and one person to make a report on how his school is aiding the war effort. Free overnight lodging will be found for those who request it three days in advance of the meeting date.

The registration fee is fifty cents for each person and includes the dinner.

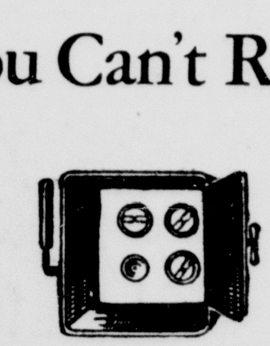
You Can't Re-Fuse?



Sure You Can!

... and you'll help save time, money, and vital equipment

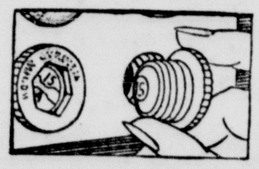
1. Go to the main switch at your meter box. Stand on a DRY SURFACE and turn off electricity.

2. Remove "blown" fuse, touching only its top. The fuse with the scorched spot in the "window" on top is the one to remove.

It's easy to replace a fuse ... almost as simple as replacing a light bulb. You save yourself inconvenience, too ... when you re-fuse ... because you restore your electric service immediately. No need to wait for a service man! And your cooperation will save tires, gasoline, truck wear, time and money ... all mighty important for the duration.

When a fuse blows at your house ... locate the trouble, disconnect the defective cord or appliance ... then "light 'er up" in the few easy steps shown here. Or next time you're downtown, come in and see us. We'll be glad to show you how to replace "blown" fuses ... and see that you get the size to fit your needs.

Southwestern PUBLIC SERVICE Company



3. Replace "blown" fuse with new one, as you would a lamp bulb. Then turn on the main switch.
